Youth Day & Shanty Town Overnight 2011

Friday June 17th-
Saturday June 18th
Redlands University

Shanty Town

This year's Cal-Pac YOUTH DAY Kick-off will be our first conference-wide overnight gathering... in CARDBOARD BOXES!

So... calling all YOUNG PEOPLE for POVERTY AWARENESS!
SHANTYTOWN is an overnight sleep-OUT to raise awareness for global and local poverty housing. Youth will be building makeshift shelters out of cardboard boxes as a means of empathizing with the reality of poverty housing. In addition to building their shanties, they will be creating a Shantytown fellowship through games, speakers, and activities that will help engage our young people in the relevant issues of homelessness and poverty awareness today. Youth will be gaining an experience that we hope they will take back to their local churches to be the change that they want to see in the world and to help end poverty housing.

What do you think YOU would need to build a cardboard city?

- cardboard boxes
- duct tape
- tarps
- be creative
